WASHINGTON, March 31.—An official statement by the Villa-Zarata convention government in Mexico City received today by the State department charged that Carranza officials during their occupation of the capital removed from the national treasury government bonds and other securities valued at 16,000,000 pesos.

Many of these securities, which had been deposited as guarantees by contractors and contractors, are owned by foreigners. The public is warned in the statement that they cannot "be made the object of any legal transaction, since they are the property of the nation or of the depositors, as the case may be."

Major General Funston, now in personal command of the American forces at Brownsville, Tex., reported today that all was quiet along the border at Matamoros, where a Villa force is preparing to renew its attack upon the Carranza garrison.

## Daniels Authorizes \$20,000 Expense to Lift Submarine F-4

WASHINGTON, March 31.—Expenditure of \$20,000 to bring the submarine F-4 to the surface in Honolulu harbor was authorized by Secretary Daniels today after a message had been received from Admiral Moore saying that the submarine attached to the boat had parted and that the present equipment was too light to raise it.

Admiral Moore's message reads: "Submarine Smith has located F-4 and is at a slight distance inshore. The lifting hawser then parted, the submarine being waterlogged. The equipment too light to raise it. Making arrangements to lift it by pontoon methods. Will report probable cost of rental of equipment when possible. Still have line on submarine and can hold on its location. Smith twenty-five fathoms."

A second message from Admiral Moore estimates the cost of obtaining additional equipment at \$20,000 and said operations should begin at once to take advantage of good weather. He estimated the time required at fourteen days. Secretary Daniels immediately cabled, authorizing the expenditure.
